Premium materials for Sporting Goods Application

AKD 5529

Premium hot-melt resin system

APPLICATION

DURABILITY IMPROVEMENT

- Limit Warranty returns and generate profit
- Create new materials design for lighter products
- Improve performance with unique innovation

BENEFITS

- Structural improvement
- Available as ready-to-use hotmelt resin
- Optimal solution for prepreg manufacturing
- Optimize price/performance ratio

MORE FEATURES

- Temperature resistance
- Compliant with environmental concerns by limiting waste disposal
