

INNOVIUM REPAIR Apps

Premium materials for Oil & Gas Application

AKD 4180 Premium resin system

Casting solution for pipe repair

APPLICATION

DURABILITY IMPROVEMENT

- Corrosion proof and light weight composite substitute
- Reduce Maintenance cost
- Limit Systems Shut-Down

BENEFITS

- Easy-to-process: mix and cast
- High mechanical resistance owing to nanochemicals
- Suitable for oil, gas, water and power
- Available as casting resin system for the easiest way to repair pipes

MORE FEATURES

- Not moisture sensitive (no foaming)
- High chemical resistance
- Temperature resistance up to 80°C
- No highly hazardous chemicals such as isocyanates for polyurethane
