TOOL Apps

Premium materials for Tool Manufacturing Application

AKD 8665

Premium resin system

APPLICATION

DURABILITY IMPROVEMENT

- Mold efficiency improvement
- Save production cost thanks to optimized processing
- Reduce maintenance cost

BENEFITS

- High temperature resistance up to 190°C
- Very easy to infuse
- Excellent surface finish
- Increase tools end molds life cycle thanks to high resin hardness (90 shore D)

MORE FEATURES

- Low mix viscosity
- Adjustable pot life
- Room temperature curing allows removing parts from molds before the post curing
